HEAD TEACHER'S HIGHLIGHTS

Dear Parents,

What a super World Book Day the children had this week, as you will see from the photographs they all enjoyed being a story character and bringing their books to life. Their enthusiasm for reading is fantastic and your support with this makes a real difference to their progress. Please keep encouraging your child to read a range of fiction and non-fiction books. If they are not a member of the local library then perhaps now would be a good time to join.

At last we have some sunshine, just what we need to enable us to start growing some plants and vegetables for our garden area. Class 2 have planted some carrot, beetroot, sugar snap peas and cucumber seeds as part of their science work. The children are looking forward to caring for them and are excited to see how they will grow and change.

Thank you to our new Governor Mrs Nikki Turnock-Ley for popping into school and spending time with us this afternoon.

Have a lovely weekend.

Jenny Griffiths

CELEBRATING SUCCESS

Congratulations to all the children that received an award today.

HAPPY BIRTHDAY

We wish you both a very happy birthday.

CLASS 1

The children have generated a huge variety of questions they would like to know about pirates. The year ones have practised writing sentences starting with question words and using question marks correctly. In maths Reception have learned about making equal groups out of 9 objects. Year 1 have been learning about adding and subtracting 1. In science last week we made a rain gauge and will be checking the measurement of rainfall over this half term. We have learned about cloud formations this week. Thank you for all the effort you put into costumes for World Book Day. As always, we have lots more ideas for exciting books to read which feeds into our aim to encourage reading for pleasure and to develop our love of books.

CLASS 2

There's been a real buzz of activity around Class 2 this week. We have started to read our new text *Dear Greenpeace* by Simon James and it has made the children think carefully about the world around them. We have discussed the role of protecting our world and the importance of recycling. In maths the year 2 children have secured their knowledge of the ten times table and how they can use consecutive facts to work out unknown facts. The year 1 group have explored teen numbers using money and part, part whole models. **Please note that PE next week will be on Tuesday 10th March due to a timetable change and as usual on Friday.**

WOW!

Look how many children received a Mathematics award today in celebration assembly. This week we handed out bronze, silver and even a gold certificate. Well done everyone, what an amazing effort!

LATEST NEWS AND EVENTS

FRIENDS OF SCHOOL

Friends of School will be holding a Mothers Day sale on Thursday 19th March. They will be selling a choice of gifts for £3 each so children will need to bring some money into school if they would like to buy a gift.

Thank
you!

Thank you to the parents that kindly donated some wool. This week the children in Art Club were able to carry on with their sewing and pom pom making.

In Class 2 we are learning about Islamic and Christianity religions. We were extremely grateful to the parents that came in to answer the children's questions about the Qu'ran and the Islam religion. **Thank you!**

Thank you!

World Book Day

Everyone looked amazing, we had a wonderful day sharing stories. Look on the Web Site for more pictures.

Well done again this week to...

GREEN TEAM

For winning the Team Challenge.

Well done! ★ ★ ★
