## HEAD TEACHER'S HIGHLIGHTS

Dear Parents,

Well the Astroturf is here and we are very pleased with the end result. I would like to say a huge thank you to all our staff, parents, friends, Governors and ex Governors who gave their time, skills and advice so willingly. We couldn't have done it without you. I would also like to express our special thanks to Sarah Spiers for her particular help in the co ordination of the project. Her time and commitment has been immeasurable. Thank you for the Friends of School financial donation towards the overall cost, this has helped the project along. It's great to see the money being put to good use for the children to use now and into the future. Our children will have greater opportunity to develop their physical skills, a new space to explore creatively and with imagination and most importantly to have lots of fun with their friends.

Also, we would be grateful if you could complete your Parent View Feedback if you didn't get chance to do it at parent's evening.

Best Wishes

Jenny Griffiths

## CELEBRATING SUCCESS

Congratulations to all the children that received an award today.

## MEET THE NEW SCHOOL COUNCIL MEMBERS

Our newly elected School Council members.

### CLASS 1

We have been watching the progress of our new playground this week with great excitement.

We have made salt dough and real Gingerbread boys and girls.

We wrote instructions so that we can make salt dough independently for our role play area.

Year 1 have continued the addition and subtraction block by looking at ways of recording part part whole models Reception have also used very practical ways to partition whole numbers and recombine the parts.

### CLASS 2

Class 2 have finally finished retelling the story of Peter and the Wolf using a different sentence openers, adverbs and a variety of sentence types. The children have really impressed with their use of story language and excitement for writing. Next week the class will develop their design technology skills as they begin to make their theatres and characters with moving parts, remember to bring a shoe box in if you have one! In maths year 2 have explored more and less in different representations and addition as the inverse of subtraction. Year 1 have investigated different ways of making 10 and comparing numbers using greater than and less than. In gymnastics the children have found lots of ways of moving along the apparatus using different body parts. It's a very exciting time here at Church Aston Infant School as we wait for the reveal of the new playground on Monday!

Well done to the children that received their bronze or silver Mathletics certificate today.

**BRONZE AWARD**

**SILVER AWARD**

Just to keep you posted!

# SCHOOL CALENDAR DATES

Monday 25th November—deadline for Christmas Card Orders

Monday 25th November—final day to return Sponsored Read sponsor money.

Friday 6th December—Christmas Party, please remember to return your reply slip if you're able to attend, thank you.

# LATEST NEWS AND EVENTS

## Christmas Card Orders and Sponsored Read sponsor money

We have extended the final date to return both of these to Monday 25th November by 9.15am, after this date it will be too late as they will have been finalised and sent off.

## PLAYGROUND PROJECT

What a difference a dry week makes.....! What an exciting week, the playground is almost complete and will be ready for action on Monday. Due to the delay we've had to postpone our grand opening, we'll let you know the date as soon as its confirmed.

I wonder what it will turn out to be?

Wow!!! I can't wait to climb it!

# Happy Birthday

We hope you had a lovely birthday?

Well done this week to...  
**YELLOW TEAM**

For winning the Team Challenge.

*Well done!*
