## HEAD TEACHER'S HIGH-

Dear Parents,

Welcome back to everyone. The children have been very keen this week to tell us all their news about their holiday. Some of our children have been celebrating Eid this week we hope they enjoyed their special time with their families.

Unfortunately, we will be saying goodbye to Mrs Egan our Breakfast Club Supervisor on the 12th June. She is taking up a new position which I know she is looking forward to. She has been with the school for a number of years in a variety of roles. Jane will be missed by both staff and children. We always appreciate her welcoming smile first thing in the morning. We wish her the best of luck. I am sure she will keep in touch.

Carnival day has finally arrived! As I write this it is pouring down with rain –we remain hopeful that the sun will shine on our amazing barge. It has been such fun to make with so many helpers who had such fantastic ideas –a great team effort.

Many thanks

Jenny Griffiths

## CELEBRATING SUCCESS

Congratulations to all the children that received an award today.

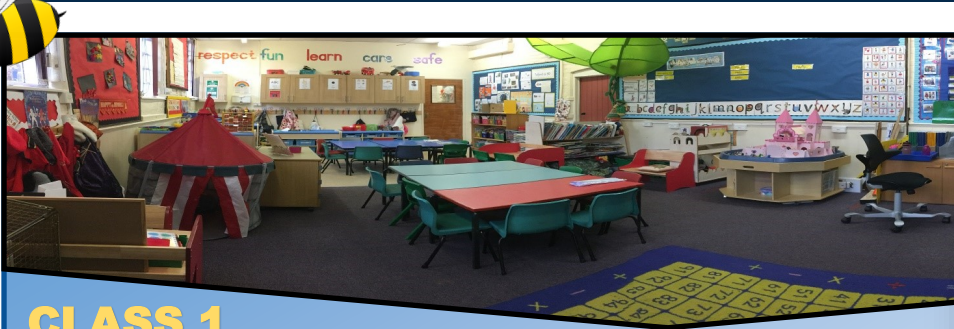

Congratulations to **BLUE** team for winning the Team Challenge.

# Farewell and Good Luck

As we sadly say goodbye to Mrs Egan, we would all like to wish her well in her new position. Thank you on behalf of Governors, staff, children and families for all your hard work during your time with us at Church Aston Infant School.

## CLASS 1

We have been admiring all the wonderful flipped learning canal work that was sent in. Thank you to all the parents that supported their child with this. Please pop in to see our display.

There has been a focus on technology this week with the Year 1's learning to code and Reception learning to programme our Beebot toys.

An exciting package arrived– 5 tiny caterpillars. We will be recording their progress over the next few weeks. Watch this space!

## CLASS 2

Welcome back everyone! I enjoyed reading the recounts on Tuesday, it sounds like you've all had a wonderful break. This week Class 2 have experimented with using different powerful verbs for the word fly in our poetry writing. In maths the children have used 3d shape properties to help compare them and looked at different scales and on measuring jugs, weighing scales, rulers and thermometers. At home this week have a look and see what scales you can find at home. We measured our throws using a metre stick. How far can you throw?

Well done to all the children that received a Mathletics certificate today, some amazing achievements.

### EDGMOND HALL TRIP—10TH JUNE

Just a reminder that we are visiting Edgmond Hall on Monday, children do not need to wear their school uniform, but instead will need to wear suitable old outdoor clothing—long trousers and long sleeved tops/fleeces with a waterproof coat and wellies.
