HEAD TEACHER'S HIGHLIGHTS

Dear Parents,

A super day was had by all at the carnival on Saturday. It rained and rained but that didn't dampen the children's enthusiasm. They kept singing and smiling all along the route. The costumes and float looked wonderful. Many thanks to Friends of School and their supporters for all the time and effort that was put into them. Also a big thank you to Heather for the fantastic bonnets and aprons. All the help and support is much appreciated. Staff and parents also enjoyed a fun filled fizz evening, a good time was had by all. Please look out for any future events that you might like to attend.

The children also had a great day out at Edgmond Hall. It was lovely to see them out and about in the forest environment, mini beast hunting, and pond dipping etc. It was also a good stimulus for writing this week as the children were keen to capture what they had been doing in their recounts.

Wishing you a happy Father's Day this weekend.

Best Wishes

Jenny Griffiths

CELEBRATING SUCCESS

Congratulations to all the children that received an award today.

Congratulations to **YELLOW** team for winning the Team Challenge.

BIRTHDAY CELEBRATIONS

Look who celebrated her birthday this week.

CLASS 1

After drying off after the Carnival, we have had a wonderful nature filled week starting with our action packed trip to Edmond Hall. We were so lucky with the weather. The children were thrilled to catch newts when they were pond dipping and also identified other insect and pond life using identity sheets. We went on a bear hunt and made waterproof dens out of natural materials.

Our 5 caterpillars in the classroom are growing daily. We are writing a weekly diary to track their progress.

Maths this week has been using positional language and directions.

CLASS 2

This week has been a very exciting week. The children thoroughly enjoyed their visit to Edmond Hall. During the trip the children found out about different animal habitats through pond dipping and bug hunting. In science they will use this knowledge to make their own animal habitats.

In English this week children have written their independent recounts of the trip and in Maths we have been finding about money and securing their knowledge of place value.

CONGRATULATIONS

Well done on your swimming award.

Well done to all the children that received a Mathematics certificate today, well done!

MATHLETICS

BRONZE AWARD

SCHOOL CALENDAR DATES

- 16th July - Leavers Party, 3-5pm at School
- 19th July—Leavers Assembly (Time to be confirmed)

LATEST NEWS AND EVENTS

We were thrilled to receive 3rd place in the Newport Carnival last Saturday. We have been truly overwhelmed by the support from all the parents and children during this event.

From the children in art club that worked hard to paint swans, ducks and harlequin designs to the time given by parents to create floral designs and build and decorate the narrowboat.

Also to each and everyone that braved the awful, rainy weather to walk with us in the parade.

A wonderful friendly atmosphere and amazing commitment to the school.

WELL DONE ALL!

Tickets are now available to purchase for Newport Show. This year we shall again be taking part in the Potato Growing Competition. The competition will be judged at the Show after all the potatoes have been weighed in with the winning school receiving a prize.

Also children in Art Club have been working very hard on creating a beautiful selection of work on their interpretation of Picasso's cubism portraits. Lots of their work will be on display at the show in the Schools Marquee.

EDGMOND HALL

We had a lovely day exploring Edgmond Hall and taking part in many fun activities including feeding chickens and goats and building dens. Take a look at the website for more photos from the day.
