HEAD TEACHER'S HIGHLIGHTS

Mmmm... I smell cheese

I spy cheese

There must be Cheese in here.

Dear Parents

We have had another wonderful week. I hope you enjoyed our young athletes at Sports Day. It was great to see them joining in with such enthusiasm. Thank you for coming to support your child it was great to see so many of you here cheering them on. Also, thank you to Friends of School for the cooling strawberries and lemonade, they were much appreciated.

At sports day I briefly announced the publication of our book *The Church Aston Mouse* by Jayne Gibbons and the children of Church Aston. It is now available on Amazon and the details are below.

We are very excited to see how far this could go and what else it could lead to. If you can send the link on to anyone you think that might be interested or who would enjoy a copy that would be brilliant, maybe it's the next international best seller! Our thanks go to Jayne and all that she has done with the children, bringing the story to life, the illustrations, and the publication, it has been quite a project, but I know it is close to her heart and she has very much enjoyed doing it.

Mrs Whitefoot has now enhanced the story by using her felting skills and we now are proud owners of our own felted mouse complete with Church Aston jumper, bag, and bottle of wishes- absolutely delightful! Assembly was amazing this morning when he was unveiled to the children, they were so taken with him and were suggesting some fabulous things that he might wish for.

I hope our book helps to bring a love of reading.

Best wishes

Jenny Griffiths

Here is the link to ['The Church Aston Mouse'](#) which is now available in either Kindle or print versions on Amazon.

If you would like to buy a copy please follow this link

<https://t.ly/7LpE> or use the this QR Code with your phone's camera.

If you have any difficulties or would like to buy a book but can't access Amazon please let us know. *A percentage from each sale*

If you do buy and like the book and could leave a review that would be absolutely amazing!

Sports day

Congratulations Red Team on being this year's winning team.

CLASS 1

What a hot week we have had in Class One! The children have coped so well in the heat, especially on Tuesday at our sports day!

This week we have been learning about the true story behind The Tower Bridge Cat story we looked at last week. We found out that Albert Gunter actually did jump the Tower Bridge gap in his double decker bus in 1952! We thought of questions we would ask Albert if we had met him at the time. Lots of the children wanted to know what he spent his £10 reward on!

Look at our super Tower Bridge!

In maths this week Reception have been recapping the different ways to make 5. They made 5 on their rekenreks and on dice frames.

Year one's have been adding and subtracting within 20 and solving maths story problems to find missing numbers.

In our RE lesson this week the children talked about how we shouldn't judge a book by it's cover. The grown-ups at school all shared a fact about themselves and the children had to guess which one went with each grown up! Can you guess who went to ballet school for 12 years or who used to be an ambulance driver?

Have a lovely sunny weekend and we will see you next week!

STAR OF THE WEEK

CLASS 2

Class 2 have been very excited about their new text 'Quest' by Aaron Becker, but there are no words in the book!

So we are

becoming the authors! We have predicted what is happening at the start of the book and discussed the

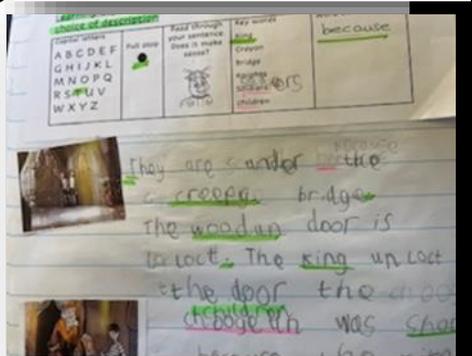

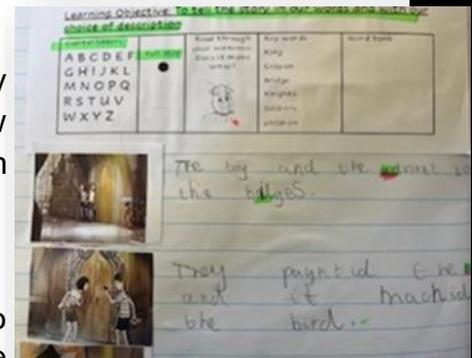

Here's a secret map!

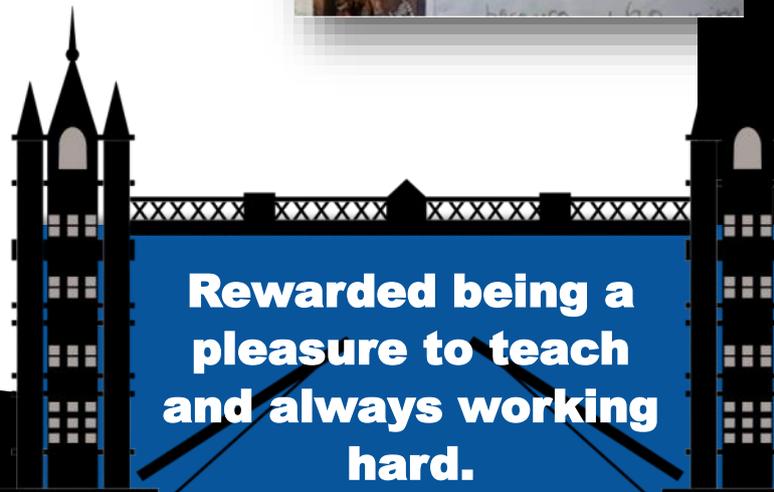

What shall I do with this purple crayon?

dialogue that might be happening between the characters.

The children then started to tell the story in their own words. It was wonderful to see the children using story openers and descriptive language. We have introduced a new marking system that the children have responded well to 'green for go' and 'pink for think'.

Our DT project has inspired two year 1 children to make a garage structure at home. They have done an amazing job, making sure their structure is strong enough to stand and the garage can be accessed by a ramp. Next week we will make structures like these in school so please have a look in your recycling and see if you have some cardboard and boxes we can use in our lessons.

Rewarded being a pleasure to teach and always working hard.

STAR OF THE WEEK

Important Dates

2nd July—Shuffle up day where all Year 2 children will spend the day in their new school.

12th July—Leavers Party, 3pm to 5pm in the playground. All children invited, please RSVP by 2nd July.
